

NCMCA Foreman Workshops

2023-11-07

In January, Donnie Williams (*pictured*) of DRP Masonry, Monroe, Louisiana, joined Tom Vacala of Restore Masonry, Chicago, and Jameel Ervin of W.B.F. Construction, Evergreen Park, Illinois, to present the Mason Contractors Association of America's "Foreman Development Course #101" in Greensboro at McGee Brothers Company for NCMCA participants. The January session was the first in a series of workshops planned for masonry field personnel through 2023. Experienced NCMCA members will instruct the rest of the planned classes. *Photo by Jodi Helms.*
