2023-11-20

The NCMCA is excited to announce the signing of the alliance agreement with NC OSH! This is a very beneficial connection for both groups that will encourage safe practices in the masonry industry and promote safety to our current workforce in the field as well as our new workforce entering the masonry trade. The NCMCA would like to thank Commissioner Dobson and his team at NC OSH for their participation and support with this alliance agreement.
